Graduate School of Natural and Applied Sciences 2026-2027 Spring Semester Application Criteria

Quatas				Foreign Nationals Quatas		
M.Sc. with Thesis	M.Sc. without Thesis	Ph. D		M.Sc. with Thesis	M.Sc. without Thesis	Ph. D
10		2		5		2

	M.Sc. with Thesis		M.Sc. without Thesis		Ph. D	
ALES Score and Score Type	≥55	QUA-EW			≥60	QUA-EW
Foreign Language Exam Score	-				≥ 55	
Undergraduate CGPA	≥ 2					
M.Sc. CGPA					≥ 3	
Reference Letter					YES	
Letter of Intention	YES				YES	

Acceptable undergraduate degrees for the M.Sc. Programs

Wood Products Industrial Engineering; Instrument Making; Electrical engineering; Electrical electronics Engineering; Industrial Engineering; Indrustrial products design; Industrial design; Industrial Design Engineering; Ship and Yacht Design; Interior architecture; Interior Architecture and Environmental Design; Manufacturing engineering; Civil engineering; Urban Design and Landscape Architecture; Chemical Engineering; Conservation and Restoration of Cultural Heritage; Mechanical Engineering; Material science and engineering; Materials Engineering; Architecture; Furniture Interior Architecture; Furniture Production and Interior Design; Furniture and Decoration Education; Furniture and Decoration Education/Teaching; Forest Industry Engineering; Restoration and Conservation; Textile engineering; Yacht Design; Making String Instruments (A scientific preparation program is required for graduates of all other programs, except for graduates holding a bachelor's degree in Wood Products Industrial Engineering or Furniture and Decoration Education).

Acceptable MSc degrees for Ph.D Programs

Wood Products Industrial Engineering; Industrial Engineering; Interior architecture; Interior Architecture and Environmental Design; Furniture Interior Architecture; Furniture and Decoration Education; Furniture and Decoration Education/Teaching; Forest Industry Engineering, Art and Design (A scientific preparation program is required for graduates of all programs/departmens, except for graduates holding a bachelor's degree in Wood Products Industrial Engineering or Furniture and Decoration Education, and graduates holding a master's degree in Wood Products Industrial Engineering).
