2 December 2026

Online congress sessions:
2–3 December 2026

Congress sessions:
2–3 December 2026

Publication of the congress proceedings:
15 December 2026

Hosted by
Gazi University, Ankara, Türkiye

With the academic contributions of
University of Kirkuk

Hybrid: Online/In-person

Official Languages:
Turkish and English

A participation quota of **45%** has been allocated for submissions from Türkiye.

The congress covers all fields of engineering, including but not limited to the areas listed:

- Mechanical Engineering
- Electrical and Electronics Engineering
- Computer Engineering and Artificial Intelligence
- Civil and Structural Engineering
- Geological Engineering
- Chemical Engineering
- Petroleum Engineering
- Energy Systems and Renewable Energy
- Industrial and Systems Engineering
- Materials Science and Nanotechnology
- Robotics and Automation
- Smart Systems and Industry 4.0
- Sustainable Engineering Applications et al.
