Proposal template Part B: technical description

(for full proposals: single stage submission procedure and 2nd stage of a two-stage submission procedure)

This template is to be used in a single-stage submission procedure or at the 2nd stage of a two-stage submission procedure.

The structure of this template must be followed when preparing your proposal. It has been designed to ensure that the important aspects of your planned work are presented in a way that will enable the experts to make an effective assessment against the evaluation criteria. Sections 1, 2 and 3 each correspond to an evaluation criterion.

Please be aware that proposals will be evaluated as they were submitted, rather than on their potential if certain changes were to be made. This means that only proposals that successfully address all the required aspects will have a chance of being funded. There will be no possibility for significant changes to content, budget and consortium composition during grant preparation.

⚠ Page limit: The title, list of participants and sections 1, 2 and 3, together, should not be longer than 45 pages. All tables, figures, references and any other element pertaining to these sections must be included as an integral part of these sections and are thus counted against this page limit. The number of pages included in each section of this template is only **indicative**.

The page limit will be applied automatically. **At the end of this document you can see the structure of the actual proposal that you need to submit, please remove all instruction pages that are watermarked.**

If you attempt to upload a proposal longer than the specified limit before the deadline, you will receive an automatic warning and will be advised to shorten and re-upload the proposal. After the deadline, excess pages (in over-long proposals/applications) will be automatically made invisible, and will not be taken into consideration by the experts. The proposal is a self-contained document. Experts will be instructed to ignore hyperlinks to information that is specifically designed to expand the proposal, thus circumventing the page limit.

Please, do not consider the page limit as a target! It is in your interest to keep your text as concise as possible, since experts rarely view unnecessarily long proposals in a positive light.

⚠ The following formatting conditions apply.

The reference font for the body text of proposals is Times New Roman (Windows platforms), Times/Times New Roman (Apple platforms) or Nimbus Roman No. 9 L (Linux distributions).

The use of a different font for the body text is not advised and is subject to the cumulative conditions that the font is legible and that its use does not significantly shorten the representation of the proposal in number of pages compared to using the reference font (for example with a view to bypass the page limit).

The minimum font size allowed is 11 points. Standard character spacing and a minimum of single line spacing is to be used. This applies to the body text, including text in tables.

Text elements other than the body text, such as headers, foot/end notes, captions, formula's, may deviate, but must be legible.

The page size is A4, and all margins (top, bottom, left, right) should be at least 15 mm (not including any footers or headers).

Template for essential information to be provided for proposals including clinical trials/studies/investigations/cohorts

This template only concerns you if your proposal contains a clinical trial / study / investigation / cohort, which are collectively referred to as 'clinical studies'¹

Clinical studies have a number of methodological, operational and regulatory specificities. Information on these issues is crucial for evaluators to assess the scientific quality and operational feasibility of the proposal. The following set of section headings guide applicants to provide essential information on clinical studies in a standardised format.

Applicability:

For Horizon Europe collaborative research and innovation:

Single-stage and stage-2 proposals: The use of this template is mandatory for all clinical studies¹ included in a single-stage or stage-2 proposal submitted to topics² HORIZON-HLTH-2021-CORONA-01-01; HORIZON-HLTH-2021-CORONA-01-02; HORIZON-HLTH-2021-STAYHLTH-01-02; HORIZON-HLTH-2022-STAYHLTH-01-01-two-stage; HORIZON-HLTH-2022-STAYHLTH-01-04-two-stage; HORIZON-HLTH-2022-STAYHLTH-01-05-two-stage; HORIZON-HLTH-2022-STAYHLTH-02-01; HORIZON-HLTH-2021-ENVHLTH-02-01; HORIZON-HLTH-2021-ENVHLTH-02-02; HORIZON-HLTH-2021-ENVHLTH-02-03; HORIZON-HLTH-2021-DISEASE-04-01; HORIZON-HLTH-2021-DISEASE-04-03; HORIZON-HLTH-2021-DISEASE-04-04; HORIZON-HLTH-2021-DISEASE-04-07; HORIZON-HLTH-2022-DISEASE-06-02-two-stage; HORIZON-HLTH-2022-DISEASE-06-03-two-stage; HORIZON-HLTH-2022-DISEASE-06-04-two-stage; HORIZON-HLTH-2022-DISEASE-07-03; HORIZON-HLTH-2021-TOOL-06-01; HORIZON-HLTH-2021-TOOL-06-03; HORIZON-HLTH-2022-TOOL-11-01; HORIZON-HLTH-2022-TOOL-11-02; HORIZON-HLTH-2022-TOOL-12-01-two-stage. For these topics, you will have the possibility to upload the completed template as a separate part of your application in the submission system.

Stage-1 proposals: In the limited frame of a stage-1 proposal, not all methodological details of clinical studies can be fully elaborated. Depending on the characteristics of the study, however, key aspects of clinical study have to be convincingly addressed already at stage 1. This template cannot be uploaded as a separate document at stage 1, but relevant aspects of this information should be integrated in part B of the stage 1 proposal template.

For IHI:

Single-stage and stage-2 proposals: The use of this template is mandatory for all clinical studies. You can upload the completed template as a separate part of your application in the submission system.
