# FIELDS OF RESEARCH

SAĞLIK  
BİLİMLERİ  
ENSTİTÜSÜ

- Research in the field of social work aims to understand, explain, and develop solutions to social problems that emerge at the individual, family, group, and community levels. Social work research is conducted within a framework grounded in social justice, human rights, and empowerment perspectives.
- The main research areas include:
  - Family Welfare
  - Child Welfare
  - Women's Studies
  - Aging and Disability Studies
  - Poverty and Social Policy
  - Migration and Integration Processes
  - Mental Health and Psychosocial Interventions

# RESEARCH FACILITIES (LABORATORY INFRASTRUCTURE)

SAĞLIK  
BİLİMLERİ  
ENSTİTÜSÜ
